Press Release

It's my honor and privilege as the International Chairman of Friends for Good Health to announce that our new chair for India starting June 1st 2015 will be Nitu (Neetu) Chandra. Ms. Chandra is an international multi talented entertainer who has starred in over 25 movies. She has also appeared in a play, called Umrao, which featured her in the title role. She is currently filming three movies Hindi, Kusar Prasad Ka Bhoot and Vaigai Express. Your films span many cultures such as Hindi, Tamil, Telugu and even Greek. Her talents are not limited to acting she also produced a movie called Deswa and she holds four Dan black belts in Taekwondo and represented India three times at the World Taekwondo Championships and you have also been recently announced as a Brand Ambassador of Taekwondo (Korean Martial Arts) of India by Kukkiwon Korea.

Her busy schedule has not prevented her to find the time to help others. Ms. Chandra work and financial support in the area of Breast Cancer awareness is very much appreciated. It is our pleasure to be honoring you for your generous time that you gave us this year to help organize clothes and medical relief to flood ravaged Malawi at our annual gala. We also would like to congratulate you for the work you have been working for Cancer patients in Unicef in India for a long time.

I Bobby K. Kalotee along with the entire Friends for Good Health Organization believe that Ms. Chandra will be a welcome addition to our team for all of our medical missions including India, Morocco, Dominican Republic and Columbia this year.

Bobby K. Kalotee
International Chairman
Friends for Good Health
